

MAURICIO LAVIE, DMD
PROSTHODONTICS (NJ specialty permit #5844)

Dr. Lavie harmoniously blends the art and science of dentistry to achieve superior aesthetic and functional outcomes. From the simplest cosmetic procedures to the most complex reconstructive cases, he utilizes magnification to provide meticulous care.

He believes in building strong relationships with patients based on trust and understanding, and that patients should play a major role in decision making regarding their care. "I treat my patients as I would want to be treated," he says.

Dr. Lavie is a graduate of UMDNJ, where he also earned his master's degree and prosthodontic specialty. He is an attending prosthodontist at Mountainside Hospital.

349 East Northfield Road, Suite 112, Livingston, NJ 07039

BENJAMIN MALDONADO, DMD
PERIODONTICS (NJ specialty permit #3978)

"Patients tell me I have a light touch," Dr. Benjamin Maldonado says. "I spend time with my patients and really listen to them."

They relax the moment they enter his friendly office and are often pleasantly surprised to find the treatment so painless and comfortable.

Dr. Maldonado provides implant placement, natural-looking gum surgery, and comprehensive periodontal treatment with a gentle and conservative approach. "We must be doing something right," he says. "My fellow dentists send their families and staff here because of the quality of our care."

This highly professional periodontist graduated from University of Pennsylvania and completed his residency at Temple University.

M. JOHN MATOS, DDS
ORAL AND MAXILLOFACIAL SURGERY

(NJ specialty permit #5159)

"Specialists are asked to be a team player in resolving problems," Dr. John Matos says. He and endodontist Dr. Carla Dersarkissian (NJ specialty permit #5735) manage dental infections comprehensively at one office. "The marriage of oral surgery, endodontics, and implantology provides a single solution to complex infections or restorative options."

A board-certified surgeon and NYU graduate, Dr. Matos maintains a full-scope practice in his hometown. He is an attending physician at Trinitas Regional Medical Center and president-elect of the Union County Dental Society.

"Interpersonal communication counts," Dr. Matos says. He excels at it—in English, Spanish, or Portuguese.
